PROGRAM DETAILS:

Renue Systems is a contracted and PREFERRED supplier that provides all Hilton and HSM customer properties with comprehensive deep cleaning solutions for nearly everything inside a hotel including drapery, carpets, upholstery, marble, tile and grout, PTAC/VTAC's, water restoration, odor and stain removal, mattress cleaning and replacement/recycling, and cooking, pet and smoking room treatment. Renue Systems has agreed to National pricing for all of the above services. In addition, many of their offices offer a number of specialized services such as chandelier and escalator cleaning, VCT restoration, grout painting and pavement and awning pressure washing, among others.

Renue Systems has 30 offices across the US and Canada. They also operate in UAE, Qatar and France. They offer customized cleaning programs-ranging from periodic visits to annual service agreements to emergency situations to meet your property's specific needs and budget considerations. They are happy to perform a complimentary demonstration of their services.
